RAILROAD OFFICIALS TO **GIVE OUT APPOINTMENTS**

Western Pacific Men Will Arrive in Salt Lake Wednesday and Name Officers.

The first train traveling all the way from San Francisco to Salt Lake over the Western Pacific railroad will arrive here Wednesday. This train is carrying Charles H. Schlacks and H. E. Levy, and they are proceeding leisurely. Yesterday T. E. Wyche left Salt Lake to meet the officials. He expects to find them at Elko tomorrow.

Rio Grande and Western Pacific officials are anxiously awaiting the arrival of Messrs. Schlacks and Levy because it is expected that all the arrangements to put in operation the great railroad from Sait Lake to San Francisco will be made during their stay here. That means the appointment of at least one division superintendent, various train dispatchers and assistants of many kinds.

It is pretty well settled that T. A. Wadleigh will be general passenger agent, although he may not assume his duties on Jan. 1 nor until the volume of passenger traffic becomes too great to be nandled by the Denver & Rio

Grande's uptown office.

One of the most important results of the completion of the Western Pacific in addition to affording a thorough train service from Chicago to Sau Francisco via Salt Lake, is that the Denver & Rio Grande will have time and money to spend on its own line The officials are preparing to make tremendous improvements. The expenditures will be \$5,000,000, but there is \$20,000,000 available for improvemen which means that the stockholders hav decided to make a double track between Denver and Salt Lake. In addition t the double track there will be a cutof avoiding the roundabout journey via Pueblo. This will be for Denver business, because from Salt Lake to Chicago Pueblo is not much out of the way if the traveler does not care to go to Denver.
